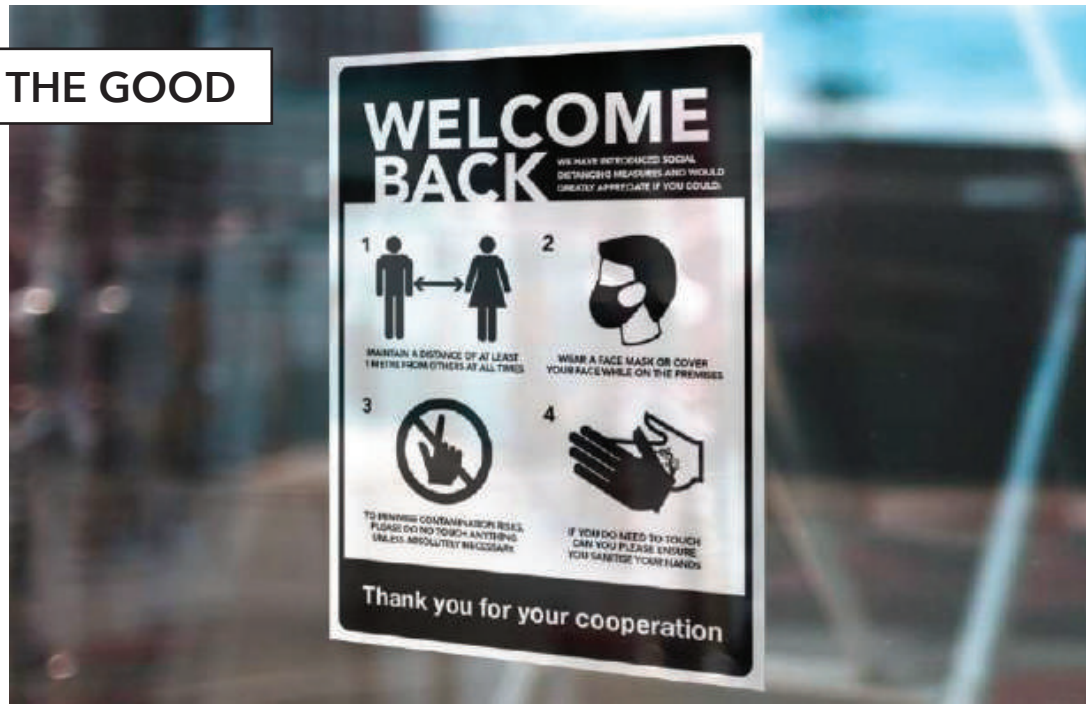
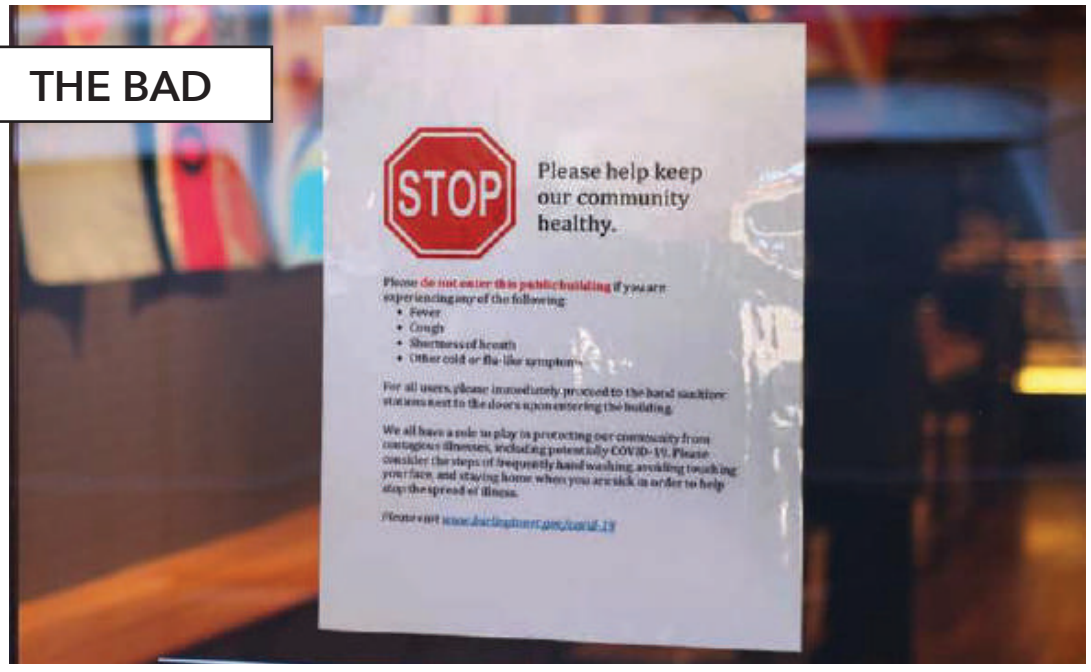
BACK TO WORK: SPRING 2021

With businesses preparing to reopen, our range of products will help keep your staff and customers safe.
Clear and professional signage can instil confidence and trust that a business is taking staff and visitor safety seriously.

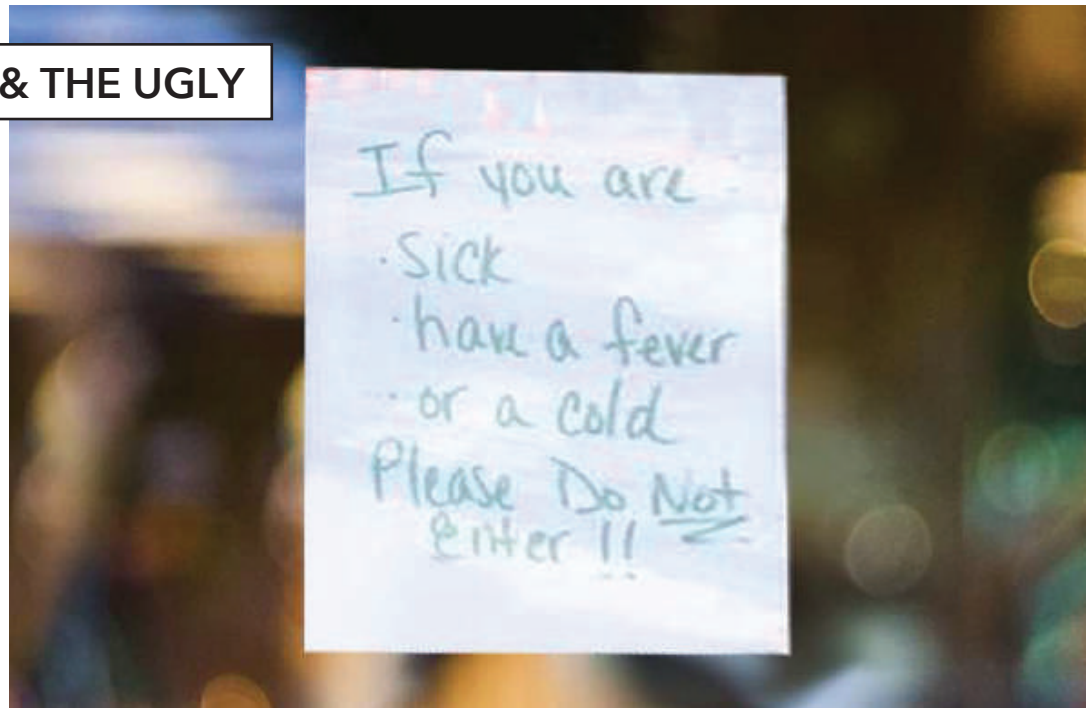
THE GOOD



THE BAD



& THE UGLY



Research has revealed that 80% of people in the UK feel safer in venues with clear, professional COVID-19 signage.

The study by digital printing solutions firm Roland DG reveals that 78% are more likely to shop in stores with clear instructions on social distancing measures.

The findings also indicate that brands risk reputational damage from inadequate COVID-19 signage, with UK shoppers saying the number one emotional impact of poor signage is the feeling businesses are not taking their safety seriously (40%).

The stores with the most unclear signage are clothes shops (21%), followed by supermarkets / grocery stores (19%), and restaurants and bars (16%)

Standard and Custom Specials

We have a very comprehensive safety sign range, but we do appreciate that every workplace has different needs. That's why we offer "**Standard**" and **"Custom"** specials.

Standard Specials enables you to choose either a prohibition, warning or mandatory safety sign. All you have to do is send us the code you require. the symbol and text you wish to used and we'll create your required safety sign.

Custom Specials enables you to create something completely unique in full colour. This option enables you to select the appropriate code and we'll print what you require on our standard range of materials.

If the material / size you require is something out of the ordinary, don't worry send us the details and we'll send you a quote.

Mental Health & Coronavirus

COVID-19 has led to a dramatic impact on the mental health and wellbeing of many people. Bereavement, isolation, loss of income and fear are triggering mental health conditions or exacerbating existing ones.

Many people may be facing increased levels of alcohol and drug use, insomnia, and anxiety. Encouraging colleagues to talk about their worries, concerns and feelings can have a positive impact and help alleviate some of those issues. Our range of mental health signs are designed to help change the way we think and act about mental health.

Self Standing Signs

These double sided, free standing signs are ideal to attract staff and customers' attention. Yellow warning signs are recognised throughout the UK to highlight potential danger. They are much more likely to be adhered to by customers and staff. Self printed safety messages which are stuck to doors, windows etc are unprofessional, messy and unlikely to be taken seriously. These self standing signs help remind the public of their responsibilities in terms of social distancing, considered vital to ensuring the safety of others.

Self Standing Signs

These double sided, free standing safety signs are ideal to attract staff and customers' attention. Yellow warning signs are recognised throughout the United Kingdom to highlight potential danger. They are much more likely to be adhered to by customers and staff.

Self printed messages which are stuck to doors, windows etc are unprofessional, messy and unlikely to be taken seriously.
