LED Lenser H3.2 Head Lamp

Code: K07.H5

- Ledlenser best-selling head torch. This multi-talented head torch is perfect for working in low light conditions inside or outside or where you need an extra level of light on your work. The H3.2 has improved battery life and beam distance. The dimmer lets you use this at any time of night without startling any neighbours. A truly brilliant, comfortable and powerful lamp that is highly regarded and successfully performs all around the world.

White Rock Salt – 25KG

Code: K50.25W

- Easily spreadable rock salt supplied in 25kg bags. This fast acting salt is an ideal way to de-ice pathways, school playgrounds, parking areas and driveways. Rock salt is a low cost effective way to keep your staff and customers safe during the icy winter months.
- **(sold in multiples of 40)**
- N.B. For delivery outside the North West, carriage is charged at £25 per pallet

Snow Shovel

Code: K50.SH01

- Lightweight yet durable polypropylene, rust and rot proof blade
- Wooden handle
- Dimensions (WxDxH): 398 x 362 x 1582mm
- Quickly and easily clear your pathways of snow.

Carriage may be applicable on orders under £50

1950 Salt Spreader– 18KG Capacity

Code: K50.GS1

- Quick assembly means this salt spreader goes from the box to the yard in seconds.
- Unlike other small spreaders, the 1950 utilises the EV-N-SPRED® 3-hole drop to ensure even spreading of all materials.
- With it's 8"/20cm deep lug poly wheels, and it's 40lb/18kg rust-proof poly hopper, the 1950 is a true performer.
- Constructed from rust-proof polypropylene, pneumatic stud tyres and an epoxy powder-coated chassis.

Grit Spreader– 30KG Hi-Volume Capacity

Code: K50.GS2

- Packed partially assembled, this spreader consists of high-quality features and professional spreading ability. It is constructed from rust-proof polypropylene, pneumatic stud tyres and an epoxy powder-coated chassis.
- Specifically designed for spreading high-volume products, this spreader can accommodate brown rock salt even in wet conditions. It features specifically enlarged holes in the hopper that allow large, damp rock salt to pass through.
- The high-speed gearbox allows the salt to spread at varying levels depending on personal requirements. It has up to 3 metres spread zone.
- Features:
 - 30kg hopper capacity
 - High-speed gearbox
 - Rust-proof poly construction
 - 45kg load-bearing capacity
 - EV-N-SPRED® HIGH-OUTPUT Shut-Off System
 - Solid linkage controls

Carriage may be applicable on orders under £50
